Description

Kingsley is a lovely, well-presented 60ft semi traditional narrowboat built and fitted out by Hexagon Boat Builders in 2009. Designed for comfortable cruising or extended stays aboard, she offers a practical layout, warm interior, and versatile living spaces, with accommodation for 2+2 berths and the added benefit of two bathrooms.

Entering from the stern, you'll first find a convenient rear toilet, ideal for guests. Moving forward, the master bedroom features a fixed double bed with useful storage beneath, wardrobe space, and overhead cupboards complete with reading lights, creating a cosy and functional retreat.

The main bathroom is well appointed with a corner shower, heated towel rail, wash basin set within a vanity unit, and a pump-out toilet, providing all the comforts of home.

The galley is thoughtfully laid out and equipped with a 4-burner gas hob, Prima oven, Shoreline fridge with 35-litre freezer compartment, and ample storage cupboards, making onboard cooking simple and enjoyable.

Opposite, the L-shaped dinette with two tables offers flexible dining options and can convert to additional sleeping space if required. A stove nearby adds warmth and charm, perfect for year-round cruising.

The saloon provides a welcoming space to relax, complete with a two-seater sofa, TV, and radio – ideal for unwinding after a day on the water.

Well maintained and attractively presented throughout, Kingsley is a fantastic opportunity for those seeking a comfortable, spacious narrowboat ready to enjoy.
